Listening training at Mozart-Brain-Lab

In addition to training therapists, conducting research and managing the MBL network, Mozart-Brain-Lab institute offers listening training programs. The building's 2nd floor can accommodate up to 23 children and 10 adults, for 90mn listening blocks followed by breaks, in quiet settings. [For more information about the listening training, click here.](#)

Why choose listening therapy at the MBL Center?

- **Jozef Vervoort - recognized spiritual successor of Professor Alfred Tomatis.**
- **Custodian of the scientific heritage of Professor Tomatis.**
- **More than 40 years of experience and a team of professional therapists.**
- **An impressive track record: 31,000 children and 12,000 adults treated with the Tomatis therapy.**
- **Day and night therapy based on digital technology.**
- **Training therapists since 2002.**
